*Referring member and new member earn \$50 each when the new member opens a checking account and enrolls in monthly direct deposit of \$100 or more; or makes at least three monetary debit card transactions per month for the first 90 days. \$50 will be paid after 90 days if the checking accounts remain open and in good standing. Offer is subject to change or end without notice. New members and accounts are subject to approval. Existing members who open checking accounts are not eligible.

Premier America reserves the right to disqualify any referral in circumstances where we reasonably believe they are not made in good faith. \$50 incentive will be reported as dividend income. Other restrictions may apply and must be 16 years or older to qualify. An initial deposit of \$5 in a share savings or \$250 in a business savings account is required to join Premier America.
